

PROPERTY MANAGEMENT

SCHEDULE OF SERVICES

Leasing Services

The leasing process occurs whenever the property becomes vacant or when a lease renewal is warranted.

- Analyzing the current market conditions and setting the correct rent.
- Preparing the property to be in rent ready condition. This includes obtaining bids and authorizing work through the owner, at the owner's expense.
- Marketing the property in an array of advertising venues that may include, but is not limited to or required to using signage, rent list distribution, call capture marketing, referral networks, flyers, internet advertising, and use of the Multiple Listing Service.
- Showings of the property to prospective tenants through leasing agents.
- Complete a thorough application process including a credit report, national criminal background check, eviction history check and/or checking prior landlord references and employment history.
- Conduct a move-in conference with the new tenants where the tenant receives a package from Revelation Real Estate.
- Obtain a move-in checklist from tenant to document the property's condition at or shortly after move in.
- Upon expiration of the lease, Revelation Real Estate will execute a lease renewal with the tenant, if possible. At that time Revelation Real Estate will review the rent and make any adjustments as necessary.
- Complete a post move-out inspection to document the property's condition
